### Instruction Sheet for RCEs

(not to be submitted to the USPTO)

### **NOTES:**

An RCE is not a new application, and filing an RCE will not result in an application being accorded a new filing date.

#### Filing Qualifications:

The application must be a utility or plant application filed on or after J une 8, 1 995. The application cannot be a provisional application, a utility or plant application filed before June 8, 1995, a de sign application, or a patent u nder reexamination. See 37 CFR 1.114(e).

#### Filing Requirements:

Prosecution in the application must be closed. Prosecution is closed if the application is under appeal, or the last Office action is a final action, a notice of allowance, or an action that otherwise closes prosecution in the application (e.g., an Office action under Ex parte Quayle). See 37 CFR 1.114(b).

A submission and a fee are required at the time the RCE is filed. If reply to an Office action under 35 U.S.C. 132 is outstanding (e.g., the application is under final rejection), the submission must meet the reply requirements of 37 CFR 1.111. If there is no outstanding Office actio n, the submission can be an in formation disclosure statement, an amend ment, n ew arguments, or n ew evidence. See 37 C FR 1.114(c). The submis sion may be a p reviously filed ame ndment (e.g., an amendment after final rejection).

### **WARNINGS:**

# Request for Suspension of Action:

All RCE filing requirements must be met before suspension of action is granted. A request for a suspension of action under 37 CFR 1.103(c) does not satisfy the submission requirement and does not permit the filing of the required submission to be suspended.

### Improper RCE will NOT toll Any Time Period:

Before Appeal - If the RCE is improper (e.g., prosecution in the application is not closed or the submission or fee has not been filed) and the application is not under appeal, the time period set forth in the last Office action will continue to run and the application will be ab andoned after the statutory time period has expired if a reply to the Office action is not timely filed. No additional time will be given to correct the improper RCE.

Under Appeal - If the RCE is improper (e.g., the submission or the fee has not been filed) and the application is under appeal, the impro per RCE is effective to wi thdraw the appeal. Withdrawal of the appeal results in t he allowance or aban donment of the ap plication depending on the status of t he claims. If there are no allowed claims, the application is abandoned. If there is at least one allowed claim, the application will be passed to issue on the allowed claim(s). See MPEP 1215.01.

See MPEP 706.07(h) for further information on the RCE practice.
